The Mission of Monde Selection is to assess and ascertain the quality of worldwide products presented to the Institute through various available methods, namely organoleptic tasting, labeling conformity verification and laboratory analysis.

Monde Selection is an Independent International Institute founded in 1961 on a Belgian initiative in Brussels, making it the oldest and most representative organization in the field of Quality Selections in the world. Each year an average of over 1500 products are presented to the Institute from 70+ countries in order to assess their quality standards.

Monde Selection has over the years been able to count amongst its Juries various prominent professionals all of whom are eminencies in their fields. The Beer & Soft Drinks Selection Jury panel is handled by a wide array of Brewery Professors, Chemical Engineers, Researchers as well as the Technical Analysis Support (Chromatographic analysis,...) of the Meurice Research & Development Center.
